Avoid Imitations!

#1 Goji Berry

Only Tibet Authentic goji berries are certified by the Tibetan Government to have originated in Tibet.

Only Tibet Authentic goji berries can be traced conclusively to have originated in Tibet.

The Tibetan Government and Tibetan Medical College will only certify Tibet Authentic Goji Berries as originating in Tibet and will not certify any other Goji or wolf berry on the market as Tibetan.

Tibet Authentic company directors and management are regularly in Tibet to personally inspect the harvesting and packing of Tibet Authentic authentic Tibetan Goji berries. We challenge any competitor selling wolf berries or goji berries to provide evidence that their supposed Tibetan Goji berries originate from Tibet and that they have personally been to Tibet.

Tibet Authentic is now contacting Government enforcement agencies across the world to assist in the prevention of misleading advertising concerning Tibet.
